

# Conference Call Service

With new technology new services are available. The big players start the ball rolling and eventually it trickles down to the masses. The barrier to entry is Now low enough for small business to get the same services and low price that high volume users get. IBS is pleased to announce an affordable Conference Call Service:

## Conference Call Service

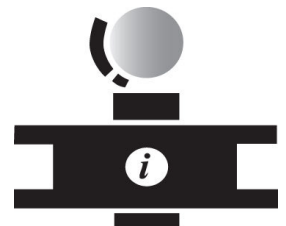

Conference Calling is the latest tool businesses use to expand your network. Many businesses use this tool on a weekly basis to keep in contact with current clients and prospects on a daily, weekly or bi-weekly basis. You can schedule a predefined time for your call or have adhoc calls.

- Maintains contact with clients and prospects
- Provides a comfort level that you and your organization will be available
- Easy access to new clients to get in depth information about your product or service
- Augments a written blog
- Dedicated local or 8\*\* number available
- Shared local or 8\*\* numbers available
- 1,000 caller limit
- Free and Paid Services Available
