Pay as You Go VoIP Service

intelligent customer service

Our new VoIP Pay as You Go Service offers the flexibility for low usage users to reduce their telecom costs even below the typical \$24.99 per monthly charges from the popular unlimited service plans. Rates are as low as \$0.0250/minute.

Add a Cheap Line Service

Sometimes you just need an extra line either inbound or outbound. Three people in the office and one or two phone lines are enough. Every once in a while, you want to make a call and all lines are busy. Only use what you really need by adding our 'Add a Cheap Line Service' to your office.

Track Advertising Campaign Service

Want an easy way to segregate your ROI on advertising campaigns? Add an extra VoIP line for each advertising campaign. You get a report on each line and the calls coming in you know are bringing you business because you only use that line for that campaign. Once the campaign is over, turn off the line or save it for another campaign. Add the optional, 'Tell Me Who Called Service'

DID & Custom 8** Service

Direct Inward Dial numbers are priced per DID with a very small monthly charge. Custom 8** number are also available for one time use or on an ongoing basis. DID numbers in your local area start at \$2.50/month. Custom 8** numbers start at \$3.50/month. See our rate sheets for more details.

eFax Services- Fax-to-Email/Email-to-eFax/Print to eFax

Get your faxes anywhere you have an internet connect through our web portal. Our new eFax line of services provides the ability to print from your computer. Attachments may be sent in JPG, PDF, Adobe PostScript, TIFF, Microsoft Word, Excel, CSV, HTML & Plain Text formats. Seamless integration to your process.

Backup / Redundancy Service

Every have phone lines go down? Everyone does now and again. Without a telephone, your business has no customer contact. No new business can come in and customers are left without an option to get to you. With our new Backup/Redundancy Service, you have a way to operate as usual without waiting for Verizon or your other provider to find out the problem. No downtime is better than even an hour of telephone outage. With our Pay as You Go service, you only pay for what you use. It is Cheap Insurance!

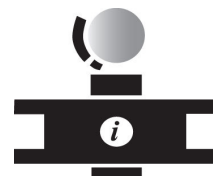

How it Works: We can connect directly to your PBX, key system, or put a Hotline IP phone on your desk.

Free and Paid Conference Call Service

Conference Calls are the latest business tool used to expand your network. Many successful and growing businesses use conference calls to attract prospects, and educate and support current clients. Maintain contact with clients and prospects with the IBS Conference Call Service.
